May need to select the plus to add the "Discharge/Admit" workflow page.

Completing the Discharge

Step	Description	Visual Aid
1\.	Complete a Discharge Diagnosis. Select "Add as" then add Problem . You must document a Chronic Problem or select "no chronic problem" to complete the Discharge Diagnosis section. NOTE: The red star denotes required steps to complete the discharge. When a	The screenshot shows the 'Discharge Diagnosis' section. A red star is next to 'Discharge Diagnosis' in the left sidebar. The main area shows a message: 'No Chronic problems documented. Document 'No Chronic Problems' or add a problem'. Below this, there is a 'Patient-Submitted (0)' section. The 'Classification' dropdown is set to 'Medical and P...'. The 'Add as' dropdown is set to 'This Visit and ...'. The 'Search within' dropdown is set to 'Vocabulary ICD-10-CM'. The 'Add Problem' button is highlighted with a red box. The 'No Chronic Problems' button is also highlighted with a red box. The 'Active Problems' table shows a row for 'Chest pain' with a 'Medical' classification and a 'This Visit' checkbox checked. The 'Resolved Chronic Problems' table shows a row for 'Unspecified asthma with status asthmaticus' with a 'Medical' classification and a 'This Visit' checkbox checked.

	step is complete a green checkmark will appear.	
2\.	Complete Patient education. Select, add, and Modify if desired.	 
3\.	Complete the Follow up. Select the desired <i>followup</i> . The selected <i>Follow up</i> is added to the “added follow ups” section. Click Modify to add details such as when to follow up, address, and any free text comments. A window will open from the right, and you have the option to save the template for future patients.	 To save time in the future select "Save as a template" after editing. Then Save to add to patient education.
4\.	Add Prescriptions. First search Prescription and select. Complete Prescription details.	

5\.

Complete discharge order. Select the plus sign on the **order profile** then select **Discharge**. **Modify** details, then go to the **order tray** to **sign** and **complete** the prescriptions and discharge orders.
