Dynamed - Getting Started

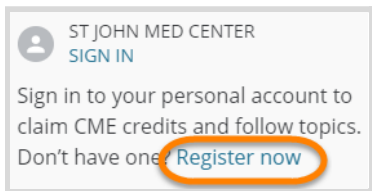

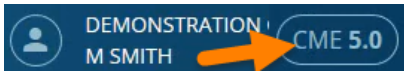

Authored by Oklahoma Clinical Informatics

Overview: DynaMed is an evidence-based reference subscription available to all Ascension St. John associates and affiliated medical staff. Use this guide to create a personal Ebsco DynaMed account, connect to the Ascension subscription, turn on CME tracking & setup the mobile app.

Getting Started

Important! To get started you must be at an Ascension St. John location and connected to the network to get connected to the Ascension subscription. After creating an account and signing in you can access Dynamed from anywhere!

Step	Action	Visual
1.	Go to www.dynamed.com	
2.	Click the person icon in the upper right-hand corner of the screen	
3.	Click Register now and complete the form. <i>NOTE: You must consent to personal data collection to be able to use Dynamed off the network and track your CME/MOC.</i>	
4.	Click the CME ticker in the upper right hand corner next to the person icon.	
5.	Click the Settings icon to the right and adjust your settings to receive the appropriate CME or MOC credits.	
6.	On your mobile device, make sure you are connected to the Wi-Fi network AH-AIA .	
7.	Go to the iOS app store or Google Play store and search DynaMed .	
8.	Download and open the app.	
9.	Click Institutional Network , then Authenticate , and then choose a download content method .	

Access additional training resources to the right by clicking each link or by scanning the QR code with your smartphone camera.
