

Message Center

Authored by Oklahoma Clinical Informatics

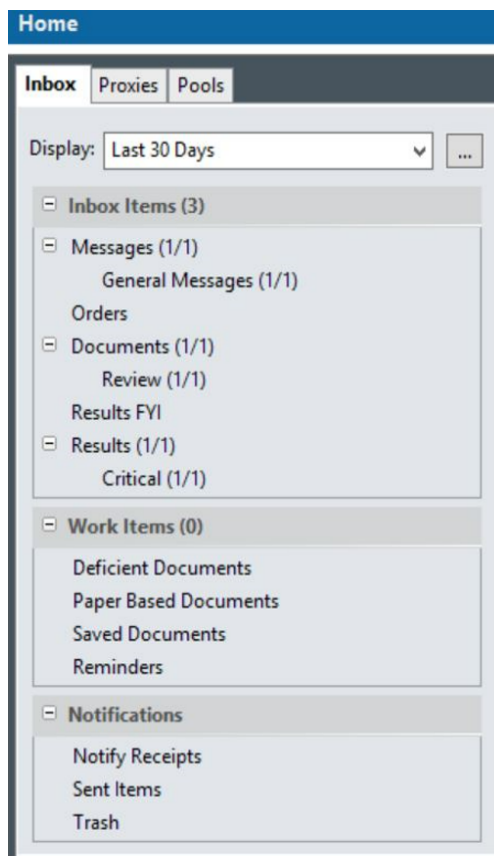

Overview: Message Center is the screen that each physician/provider will see immediately upon logging into the system. It contains the Inbox where providers can view and respond to messages, co-sign orders and sign documents. Messages may be sent from the Message Center or from within a patient's chart.

Opening and Reviewing Inbox Items in Message Center

Complete the following steps to open an Inbox item:

1. In the Inbox Summary, click an Inbox folder, such as **General Message or Results** or a subfolder, such as **Critical**. A list of notifications from that category is displayed in the Inbox workspace.

NOTE: You can select multiple messages in the messages list by selecting the first one, pressing **SHIFT**, and selecting the last one. You can open selected messages by selecting a single message and holding down **CTRL** as you select others.

- The selected message will be displayed highlighted in blue on the left and the details will display on the right side of the screen.

The screenshot shows the 'Message Center' interface. On the left is the 'Inbox Summary' pane with tabs for 'Inbox', 'Proxies', and 'Pools'. The 'Inbox' tab is active, showing a list of items categorized by type (Messages, Documents, Results, Work Items, Notifications). The 'Results (2/2)' category is selected and highlighted in blue. On the right is the 'Results' pane, which displays a table of results. The table has columns for 'Abnormal', 'Create Date', 'From', 'Outstanding O...', 'Patient N...', 'Status', 'Subject', and 'Update Date'. Two rows are visible, both with a status of 'Pending'.

Abnormal	Create Date	From	Outstanding O...	Patient N...	Status	Subject	Update Date
Critical: 0 Hig...	05/16/22 07:5...	TRAINCPHYSH...		PHYSAEightyFi...	Pending		05/16/22 07:5...
Critical: 1 Hig...	05/16/22 07:4...	TRAINCPHYSH...		PHYSAEightyFi...	Pending		05/16/22 07:4...

- If there are any attachments included. Click on the link to open the document and review the information.

The screenshot shows the details of a message titled 'General Messages: TEST-PROD, CRISTEN Q'. The message is from Scott, Crystal, sent on 05/16/22 at 06:11:11 CDT, with the subject 'Office Visit Note'. The patient information displayed includes Age: 40 years, Gender: Female, EMR: SJ12901054, LOC: SJC GenSurg Tulsa, DOB: 05/06/82, FN#: 6600253089, and Phone Msg. A red arrow points to a link in the 'Attachments' section labeled '(04/28/22) ENT Office/Clinic Note'.

6. Select any [Additional Message Center Options](#).

7. If the existing Message should be deleted once sent, select the **Delete** check box.

Approving, Forwarding and Refusing Orders in Message Center

NOTE: In the Message Center, you can select all Orders and Forward, Approve or Refuse those orders.

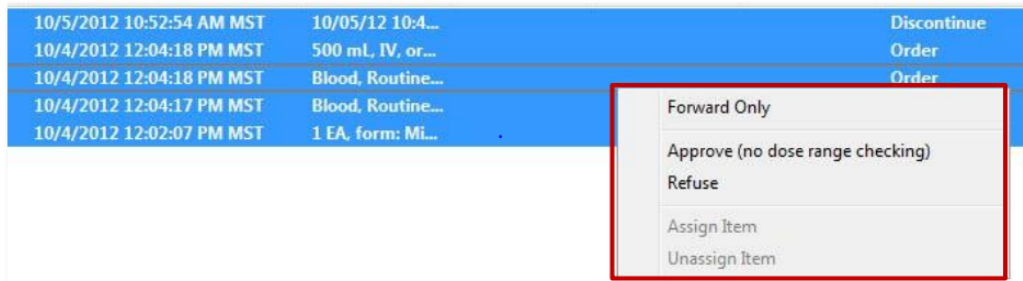

8. In the Message Center, click on Orders on the left of the screen.

9. To select **all Orders** – click the **Select All** button on the Orders Toolbar.

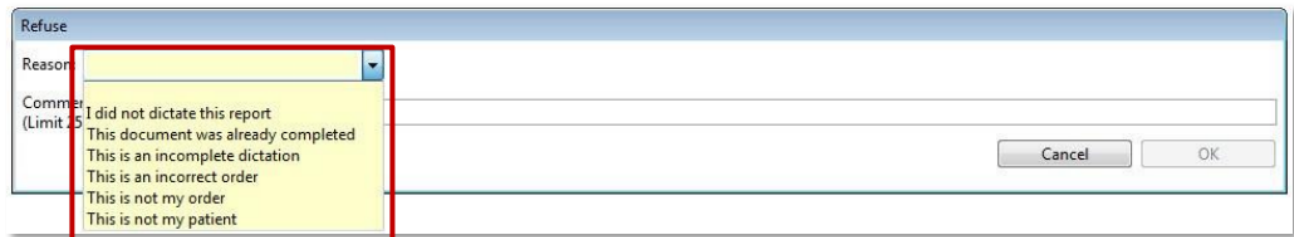

10. With all of the orders selected (highlighted in blue), right click in the blue area and choose an action **Forward Only, Approve (no dose range checking) or Refuse**.

Additional Information for Refusing Orders in Message Center

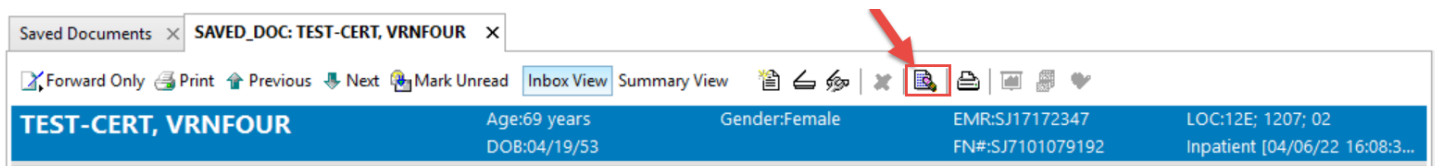

11. To refuse a single order, right click on the order in the Message Center and choose Refuse from the drop down list.
12. In the Refuse window, choose the appropriate reason for refusing to sign the order.

13. You can also add additional text about the refusal in the Comments section. **Click OK to send the refusal to the HIM Refusal Inbox**

Signing and Co-signing Documents in Message Center

14. Double click on the message to open the document.
15. Select the **Modify** icon on the message toolbar

16. Your document will open up and you are able to modify its contents.

IMPORTANT: You are able to type contents within the fields under the selected heading within your document.

17. Once you complete your document, select the **sign and submit button** at the bottom right of the document.
