

WellSheet Quick Guide

Authored by Oklahoma Clinical Informatics

Overview: This is a new Rounding/Handoff tool that integrates with Cerner . It allows for you to view your patient list and pertinent details of each patient (labs,x-ray results, vitals,etc) in one view. Scan QR Code with phone for a short Demo.**NOTE:** WellSheet can be viewed in patients chart in the inpatient workflow or bottom of Table of Contents.

Helpful features:

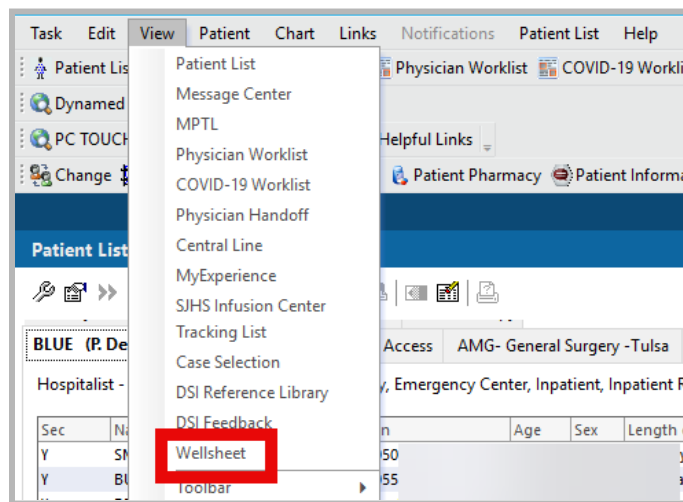

- User -driven Smart Notification on Mobile device
- Printed Handoff List
- Enhanced Multidisciplinary Care Team Collaboration
- Team Care Coordination and Discharge Planning

[Wellsheet demo](#)

Wellsheet

Wellsheet is found in the top tool bar of Cerner or Select View then WellSheet.

This screenshot shows the Wellsheet interface with several callouts highlighting key features:

- List Filtering:** Points to the search bar and filters at the top.
- Select List:** Points to the 'List Manager' and 'Patient Lists' tabs.
- Toggle Handoff Notes:** Points to the 'Hospitalist Handoff Notes' dropdown menu.
- Edit Handoff:** Points to the 'Edit' button for a specific handoff note.
- List Printing:** Points to the print icon in the top right corner.

Handoff Notes

Select Handoff Type. **IMPORTANT!** Need to continue to complete Provider notes from patients chart in Cerner.

This screenshot shows the 'Edit' button for a handoff note, which is highlighted with a red box. The dropdown menu for 'Hospitalist Handoff Notes' is also visible, showing options like 'Case Management Handoff Notes', 'Emergency Department Handoff Notes', 'Hospitalist Handoff Notes', 'Nursing Handoff Notes', 'Surgery Handoff Notes', and 'Trauma Handoff Notes'.

This screenshot shows the 'Handoff' tab in the Wellsheet interface. It displays patient information (TEST-PROD TEST, TESTY • 11179991) and a list of handoff notes. The 'Hospitalist Notes' section is highlighted, showing a note about a behavioral health concern. The 'Hospitalist Tasks' section is also visible, showing a task to 'Call Patients Daughter at 0900'.

This screenshot shows the 'My Notes' tab in the Wellsheet interface. It displays patient information (TEST-PROD TEST, TESTY • 11179991) and a list of notes. The 'Note to Self' section is highlighted, showing a note about a behavioral health concern. The 'Draft Hospital Course' section is also visible, showing a note about a behavioral health concern.
